

## November 2014 Presentation David Nessler, PMP

Project management is just for big companies with big projects, right? Wrong!

Effective use of modern project management tools and methods can help you perform more efficiently irrespective of the size of your company. Benefits can include projects that deliver all the functionality that was originally agreed upon, delivery at the time promised, and delivery without going over the project's budget.

Our November meeting will feature David Nessler, PMP, presenting "An Overview of Modern Project Management":

"Project Management as a formal skill is finally starting to be practiced outside of large enterprises and software development teams.

Would it be of value to your organization, business, or team? Would it be too heavy of a bureaucratic burden? And project management has splintered into several flavors in recent years, such as PMI, waterfall, Agile, Scrum, Lean, etc. -- which one is right for you?

**"Project management has splintered into several flavors in recent years, such as PMI, waterfall, Agile, Scrum, Lean, etc... which one is right for you?"**

### **About David Nessler**

David Nessler holds the Project Management Professional (PMP) certification from PMI (Project Management Institute).

He's worked at UF on and off since 1983, mostly recently as CTO of Pathology. The other half of his career has been in the private sector at both Fortune 500 companies and small startups.

His jobs have included systems admin, software development manager, product planner, project manager, business consultant, startup owner, and CTO. He's also an Adjunct Professor of Business at Saint Leo University.

### **Meeting Information**

#### **Date**

Tuesday, November 18, 2014

#### **Location**

Meeting room near Albert's in the UF Hilton, 1714 SW 34th Street, Gainesville, FL

#### **Times (all PM)**

Registration: 5:10 - 5:45  
Dinner: 5:45 - 6:45  
Presentation: 7:00 - 7:45

#### **Cost**

Presentations are no charge for Chapter members; \$5 for guests (cash or checks only please).

#### **RSVP**

Reservations help us obtain a meeting area with adequate seating and staffing. To RSVP, please send an email to:

[reserve@aitp-ncfl.org](mailto:reserve@aitp-ncfl.org)

#### **About AITP**

Find more information about AITP at the National Web site, [aitp.org](http://aitp.org)

Or learn more about your local chapter, now in its 44th year, at the Chapter Web site, [aitp-ncfl.org](http://aitp-ncfl.org)

I'll answer those questions by looking at a quick history of project management, an overview of the project management framework, and give some practical insights into the current state of project management. "
